

**T830** The DKN T830 folding treadmill has great specifications, build quality and price point. Powered by a silent 2.5 Hp continuous duty motor (4Hp peak), it offers you a comprehensive speed range of 0.8- 18 kph, and an incline range of 0 - 12 %, matching the needs of the more advanced runner.

The T830 also features a large LCD monitor which shows complete workout feedback on all data related to the user's profile including speed, time, distance, calories burn, incline, 400m laps covered and heart rate. It also features 10 hot keys for both incline and speed that allow you to instantly select your desired setting with the single press of a button, making it very user friendly too.

Putting you in control makes it easier for you to get the workout you want.

This treadmill also features our Progressive Shock Absorbing system deck which reacts with your every stride to maximise cushioning and support, while the integrated hydraulic shock-absorbing system and Flex Deck Indicator visualise this impact reduction. This in turn reduces the impact on your running joints by up to 15% compared to road running, and means you are less likely to get injured or suffer a recurrence of a previous problem.

**ELECTRONICS** Display Pulse Hand grip. Chest belt transmitter optional PRODUCT DETAILS CE, TUV, EN957 Certification 2.5 HP continuous - 4 HP peak Power output Speed (Km/h) 0.8 - 18 0-12% electronic Inclination Running deck (mm) Max user limit (Kg) 23 preset courses, 3 user profiles, 3 HRC Programming Weight (Kg) 1830 x 850 x 1340 **Dimensions (mm)** 1100 x 850 x 1560 Dimensions folded (mm) Entertainment iPod stereo connection

The long and wide running deck of 530 x 143 mm offers user comfort when running, and an orthopaedic 3.3 mm thick running belt provides the very best in cushioning, giving you an all round premium specification treadmill at an incredible price.

This running machine from DKN includes quality speakers and audio jack connection for an MP3 player that are conveniently integrated in the console, allowing you to train to your favourite music.
