

NEON PRO PLUS

COMMERCIAL FLUID ROWER

Commercial value with freedom of self-expression

Guaranteed to exceed quality and value expectations, the NEON Pro Plus commercial indoor rower is engineered to function at an elite capacity. Built at an honest price point without compromising on premium features, the NEON Pro Plus gets the balance right between ease of use and the core elements of a competitive rowing machine.

A dynamic choice for group rowing studios, this rower promises to keep motivation strong, encouraging professional rowing technique with its instant catch and constant resistance. Available in bold yellow, orange, green and black, the changeable frame complements unique branding requirements and adds an electric vibrancy to any workout space.

Elevated performance for high intensity fitness classes

The NEON Pro Plus features a double sealed, precision aligned tank shell with a bright yellow impeller design that achieves 15% greater resistance than standard horizontal series models. Rapidly scale up interval training intensity with 4 levels of Fluid Force, denoted by an audible, tactile resistance selector dial.

No detail has been missed with elevated legs for easy on and off access, an ergonomic handle designed for gripping comfort and an endless seamless glide thanks to wheel brushes that keep dirt and dust away for extended life of product.

If you're looking to set your studio apart, the NEON Pro Plus caters for beginner through to elite athlete, combining visual appeal with top function and safety.
