## EMBEDDED TOUCH SCREEN

Easy for the first-time user and is smartly designed to simplify navigation of entertainment and workout options with a fingertip, so exercisers quickly get on and go.

## CUSTOMIZED ENTERTAINMENT

On Demand features thousands of TV shows, news and sports, music videos, movie trailers and more. Custom playlists can be created with FREE music videos.

## ENTERTAIN AND ENERGIZE

Exclusive to Octane, a split screen simultaneously displays entertainment and live workout stats, so exercisers can easily track intensity and progress without having to toggle between screens.

## ASSET MANAGEMENT

Reports which equipment gets the most use, for how long and how many times per day, extending the life of your equipment.
