THE BEST ELLIPTICALS JUST GOT SMARTER... SMARTLINK™

EXPECT INNOVATION

Relentlessly driven to be the best, Octane Fitness has a proud history of delivering continual breakthroughs that produce results. Octane's sole focus is on building better equipment that provides superior workouts – and that's why we are the No. 1 elliptical in the world. With the new Q Series, the SmartLink app makes your iPad® your virtual personal trainer. It provides endless goal-based workout programs, instructional videos, social media sharing and automatic updates.

FUEL YOUR LIFE WITH THE BEST ELLIPTICALS

PERFECT EXECUTION ▲

Just get on an Octane Fitness elliptical and immediately notice the great feel – the natural, fluid motion; adjustable stride length; patented, one-of-the-kind Converging Path and MultiGrip handlebars; soft grip pedals; and close pedal spacing.

Built precisely around human biomechanics, these machines are designed to fit you and offer workouts that not only get you fit, but also that *actually feel good* on your body – both during and after exercise.

SMARTLINK

The best ellipticals just got smarter with SmartLink, the intelligent app links your goals to results! There's nothing new to learn or buy – it's all available on your iPad.

With a variety of 30, 60 or 90-day workout plans customized to your goal and 2Click2Fit, you're on your way right away with a push of two buttons.

CROSS CiRCUIT comes to life with more than 35 workout plans and instructional videos that show 225 exercises. And the demos of Workout Boosters ensure that you have proper form to maximize your efforts and results.

CONSOLE TECHNOLOGY

The console workout center is simple to navigate, whether you're choosing Quick Start or an advanced workout – or whether you're connecting to SmartLink. You choose the level of technology you want to fuel your workout. The console accommodates your iPad with three placement options – Watch, Read and Surf.

The large display screen simultaneously displays all your workout data, and only Octane offers SmartLight technology. SmartLight signals how hard you're exercising, if you're in your target heart rate zone and when to prepare for the next interval in a Workout Booster or CROSS CiRCUIT. Now that's *smarter* training.

SMARTSTRIDE®

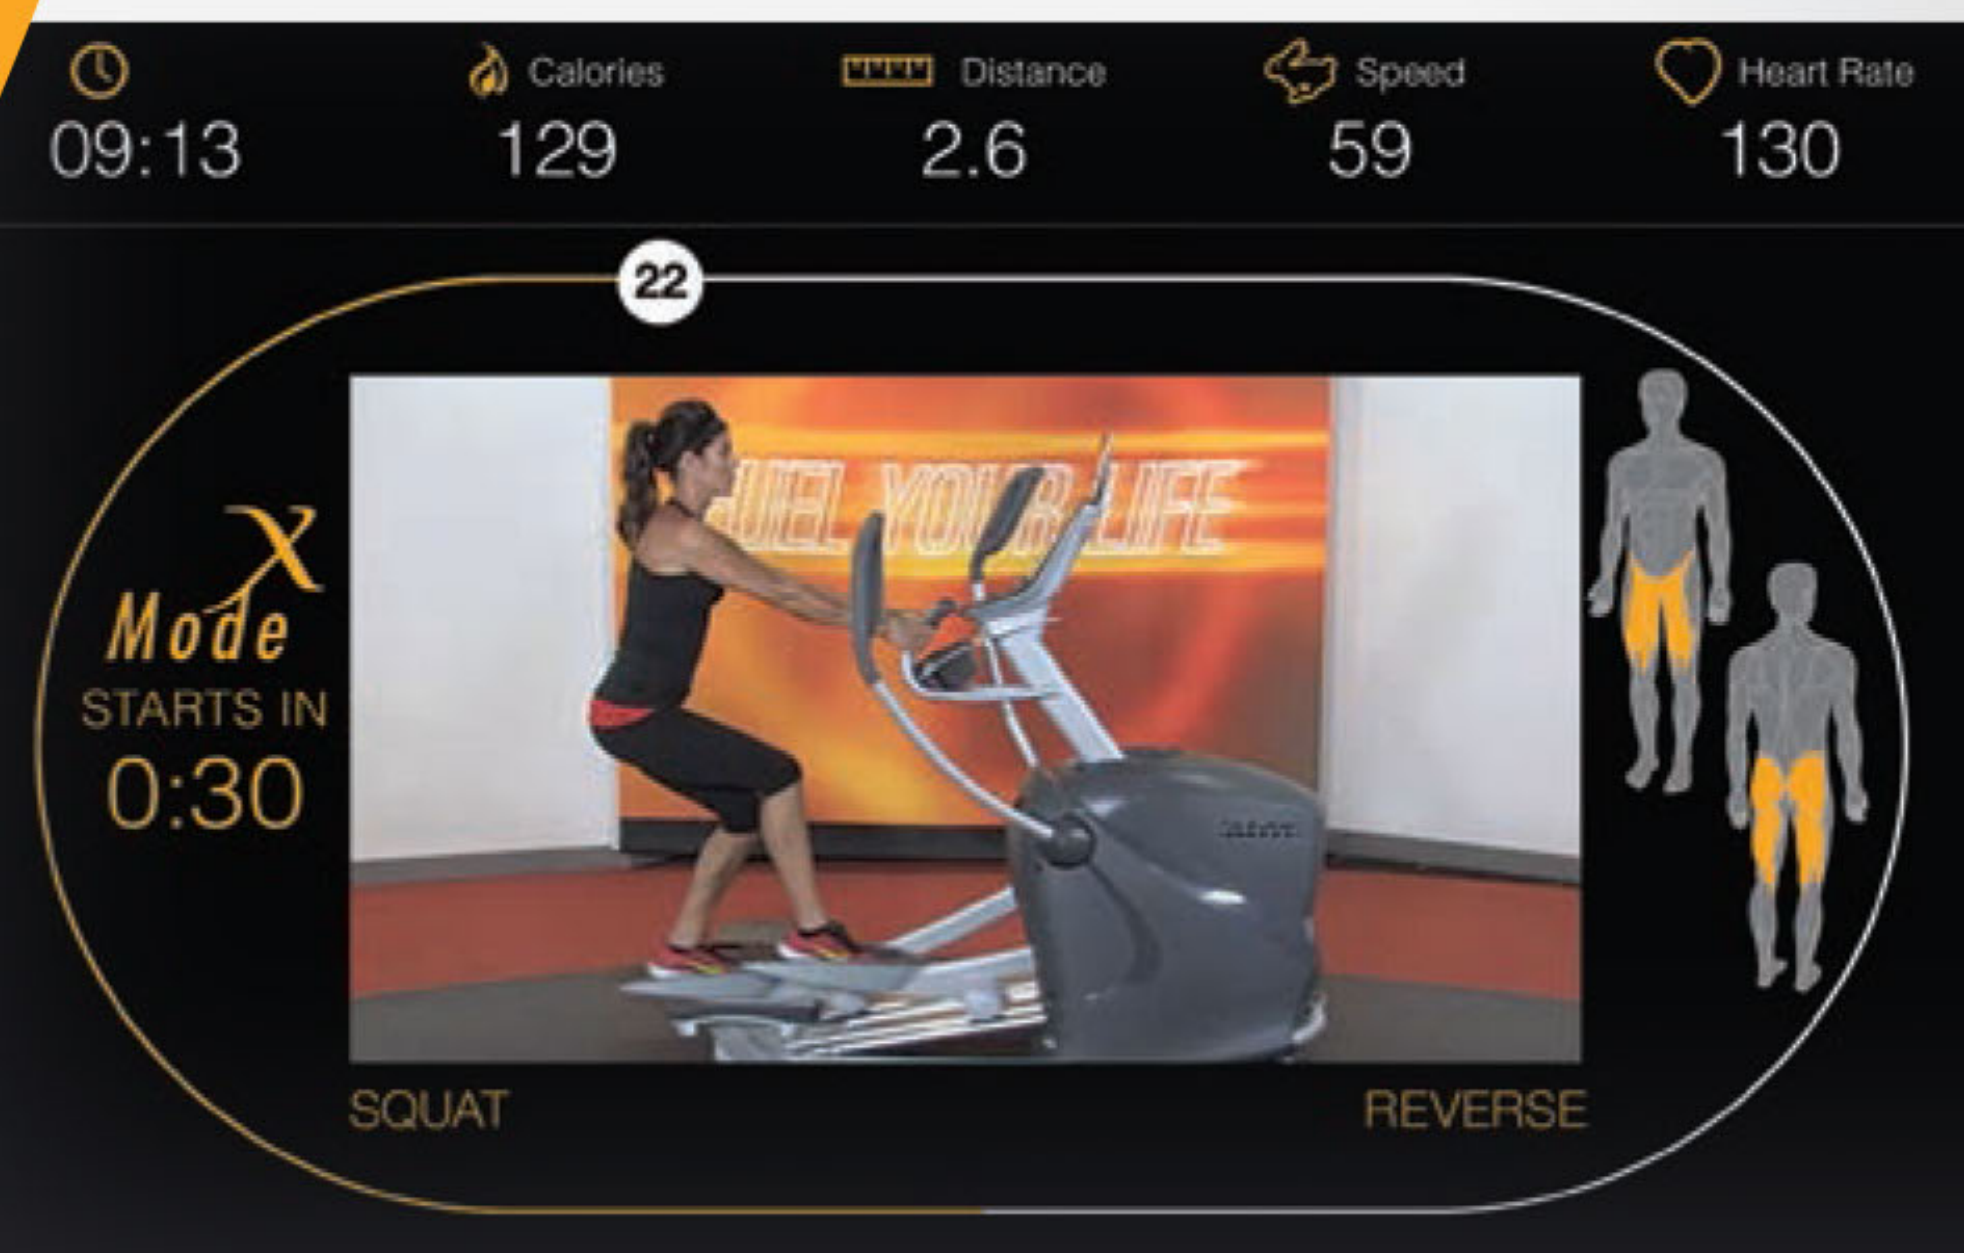

Whether you walk, jog, run or go backwards on the elliptical, the patented SmartStride automatically takes you there. Interactive ergonomics analyze your speed and direction and adjust stride length accordingly for the most natural movement and flow. (Q47 only)

WORKOUT BOOSTERS

No exercise session is ever the same with Octane's signature Workout Boosters, like X-Mode, GluteKicker and ArmBlaster, which elevate cross training by ramping up the intensity with quick interval bursts that target your entire body.

CROSS CiRCUIT®

The ultimate in multi-tasking, Octane's exclusive CROSS CiRCUIT combines cardio intervals on the elliptical with strength-training exercises using Octane's Powerbands, dumbbells, body weight and more for exhilarating, total-body conditioning. With endless variety, you'll stay motivated. Get double the workout in half the time and space!
